JLT met recently to discuss our ideas and future plans for improving our school. Next half term we will be working on:

- Creating quiet area activities for children to enjoy.
- Organising each year group to have playground equipment to use at break and lunch times.
- Decorating the mirrors in the bathrooms with positive messages and pictures.

If you have any ideas for how we could improve our school then please let your JLT member know or pop your ideas in the JLT drop box outside the hall.
